

Name: \_\_\_\_\_

## Life Science Quiz

- Intro. To Body Systems
- Photosynthesis

### Matching

- |   |                                      |
|---|--------------------------------------|
| 1. _____ blood, veins, heart                      | A. ENDOCRINE SYSTEM                  |
| 2. _____ brain, nerves, nervous cord              | B. INTEGUMENTARY SYSTEM              |
| 3. _____ tonsils, spleen                          | C. CIRCULATORY/CARDIOVASCULAR SYSTEM |
| 4. _____ lungs, trachea, alveoli (air sacks)      | D. DIGESTIVE SYSTEM                  |
| 5. _____ voluntary & involuntary muscles          | E. SKELETAL SYSTEM                   |
| 6. _____ kidneys & bladder                        | F. URINARY SYSTEM                    |
| 7. _____ bones, cartilage, joints                 | G. LYMPHATIC/IMMUNE SYSTEM           |
| 8. _____ mouth, stomach, large intestine          | H. MUSCULAR SYSTEM                   |
| 9. _____ skin, hair, nails                        | I. NERVOUS SYSTEM                    |
| 10. _____ thyroid, adrenal gland, pituitary gland | J. RESPIRATORY SYSTEM                |

### Review of Photosynthesis

Fill in the blank.

1. WATER + \_\_\_\_\_ + SUNLIGHT  $\longrightarrow$  \_\_\_\_\_ + OXYGEN
2. People and animals breathe in \_\_\_\_\_ and exhale \_\_\_\_\_.
3. Plants take in \_\_\_\_\_ and give off \_\_\_\_\_.
