

Terrestrial Biomes

Please pick one of the choices below as a writing assignment.

R (Role)	A (Audience)	F (Format)	T (Topic)
Rain Forest Animals	Builders and loggers	Letter	Don't cut down the rain forest. Save the rain forest.
Explorer	Yourself	Explorer Log or Journal	Discovery of a new organism. Describe its characteristics and what adaptations it has to survive in its biome.
Person on vacation	Friend back home	Letter	You are visiting a biome far away from home. Write your friend who is planning to visit there next month. You should tell them what to pack and what items they should bring to visit in this biome.
Conservationist (Person who helps to keep the planet clean and protects it)	Factory Owner (Mr. Sneed)	Phone Call (write down your dialogue)	Mr. Sneed has been dumping used chemicals in a hole he dug in the ground. The chemicals are leaking into the water supply and affecting organisms that live in the ecosystem. Call him and discuss why it is damaging to the ecosystem and organisms.
Zoologist	Zoology Blog	Blog Article	You are a zoologist wanting to open a new zoo. You want to pick 2 animals from each biome to be exhibits in your zoo. Describe to the blog readers what each animal will be, what they will look like, and what their habitat/exhibits will look like.
